

**Kreativ yondashuv asosida boshlang'ich ta'limda fanlararo
aloqadorlikni takomillashtirish metodikasi**

To'xtayeva Dilnoza Xolmurodovna
Osiyo Xalqaro Universiteti, Ta'lim va t
arbiya nazariyasi va metodikasi
(boshlang'ich ta'lim) magistranti

Annotatsiya: Bu maqolada asosan kreativ yondashuv asosida boshlang'ich ta'limda fanlararo aloqadorlikni takomillashtirish metodikasi va o'quvchilarda kompleks fikrlashni rivojlantirish haqida ma'lumotlar keltirilgan.

Kalit so'zlar: Kreativ, boshlang'ich, fan, muloqot, Kollaborativ, ta'lim, tadqiqot, fikrlash

I. Kirish

Boshlang'ich ta'limning ta'lim jarayonida alohida o'rni bor, chunki bu bosqichda o'quvchilar asosiy bilimlar va ko'nikmalarni o'zlashtiradilar. Ta'lim tizimining samaradorligi ko'pincha metodik yondashuvlarning xilma-xilligi va ta'limning shaxsga yo'naltirilganligi bilan bog'liqdir.

Bugungi kunda boshlang'ich ta'limda kreativ yondashuvlarning qo'llanilishi nafaqat o'quvchilarning ijodkorligini rivojlantirish, balki fanlararo aloqalarni ta'minlashga ham yordam beradi [1,2]. Kreativ yondashuvlar orqali o'quvchilar nafaqat bitta fan doirasida bilim olishadi, balki ular bir nechta fanlar bo'yicha ham mukammal tushunchalarga ega bo'lishadi [3,4].

II. Usul

Tadqiqotda boshlang'ich ta'limda kreativ yondashuvlar yordamida fanlararo aloqadorlikni rivojlantirishning metodik jihatlari tahlil qilindi.

Tadqiqotning asosiy maqsadi kreativ yondashuvlar yordamida boshlang'ich ta'limda fanlararo aloqadorlikni qanday takomillashtirish mumkinligini aniqlashdan iboratdir. Bu maqsadga erishish uchun quyidagi metodlar qo'llanildi:

1. Adabiyotlar tahlili [7,8].
2. Eksperiment [9].
3. Anketalar va interv'yu [10].

III. Natijalar

Tadqiqot davomida boshlang'ich ta'limda kreativ yondashuvlar yordamida fanlararo aloqadorlikni takomillashtirishning samarali metodlari ishlab chiqildi.

1. Projekt asosidagi ta'lim [5,6].
2. Muloqot va fikr almashish [1,2].
3. Kollaborativ ta'lim [4,5].
4. Qaror qabul qilish [3,9].

IV. Muhokama

Kreativ yondashuvlarning boshlang'ich ta'limdagi ahamiyati katta. Tadqiqot natijalariga ko'ra, kreativ pedagogika metodlari o'quvchilarning fanlararo aloqalarini rivojlantiradi va ijodkorliklarini oshiradi [6].

V. Xulosa

Kreativ yondashuvlar asosida boshlang'ich ta'limda fanlararo aloqadorlikni rivojlantirish metodikasi o'quvchilarda kompleks fikrlash va ijodkorlikni rivojlantiradi. Kelajakda, ta'lim tizimida kreativ pedagogika va fanlararo aloqalarni rivojlantirish uchun yanada integratsiyalangan o'quv dasturlari ishlab chiqilishi lozim.
